Height does the talking in this Rose, where a tall family room and floor-to-ceiling tile fireplace create a dramatic center for the home. Bloomfield Homes' two-story plan offers 5 bedrooms, 4 full baths, a study, and a 2.5-car garage on an oversized interior lot in Maplewood South. A cedar mantel brings texture to the fireplace, while laminate wood flooring connects the main shared spaces and added LED lighting brightens the family room. The adjacent Deluxe Kitchen answers with painted cabinets, upgraded quartz counters, and a mosaic backsplash. An island with a single-bowl sink keeps prep space facing the living area, with 3 pendants overhead. An electric cooktop, built-in electric oven, and walk-in pantry complete the setup. Breakfast space includes a window seat and a door to the covered patio. The study sits behind double doors off the family room, creating a separate space for focused work. Across the home, the first-floor primary suite pairs a rear window seat with a bath featuring dual sinks, upgraded quartz, a garden tub, and a separate shower with a seat. Coordinated tile upgrades finish the floor, shower walls, and tub surround, with a walk-in closet beyond. A front secondary bedroom and nearby full bath add another downstairs sleeping space. Upstairs, 3 bedrooms share the level with a game room overlooking the family room; 2 connect through a Jack-and-Jill bath, while another full bath serves the hall. A laundry room near the garage keeps daily tasks close to the entry. Brick and stone, an 8' front door, and 3 uplights shape the exterior. See Bloomfield Homes at the Maplewood model today!
