Our Cypress II gives the primary bedroom room to be more than a place to sleep, with a sitting area and window seat built into this two-story plan with 4 bedrooms, 3 full baths and a 2-car garage in Hulen Trails. The suite occupies its own area on the main floor, with a walk-in closet and a bath featuring dual sinks, a soaking tub and separate shower. Two additional bedrooms sit at the rear beside a shared full bath. The fourth bedroom and third bath join a game room on the upper level, creating another gathering space away from the family room. The main living area keeps the kitchen, breakfast area and family room connected. Laminate flooring provides a consistent finish, and a fireplace with tile to a cedar mantel and a gas starter adds definition to the family room. The Deluxe Kitchen features quartz countertops, a gas cooktop and an electric oven, with 2 pendant lights highlighting the island. Prep dinner while keeping up with the conversation, then gather at the breakfast table beside its window seat. A walk-in pantry keeps groceries close, and the laundry room is positioned near the kitchen and garage entry. A separate room off the foyer provides space for a home office or reading area behind double doors. The upgraded 8-foot front door adds glass and iron detailing to the covered entry. At the rear, a covered patio offers shade for outdoor seating and opens to the backyard of this interior homesite. Visit Bloomfield Homes at Hulen Trails today to explore the Cypress II!
