The Cypress II floor plan brings 4 bedrooms, 3 full baths, and a 2-car garage to Chaparral Park in a two-story layout with a private study and game room. The kitchen makes its point in the details: Mystic Gold quartz, Marvel Shaker cabinets, matte black accents, and a vertical chevron backsplash. A Professional Deluxe package adds a 5-burner gas cooktop, convection oven, wood vent hood, and pot-and-pan drawers. The island gets a furniture-style cabinet wrap, trash pullout, and single-bowl stainless sink, with undercabinet lighting brightening the work surfaces. Silverstone Chestnut laminate connects the kitchen and breakfast area to the family room, halls, and study behind glass French doors. There's room to spread out without giving up the connection between spaces. The primary suite occupies its own section of the first floor, complete with a sitting area, window seat, and walk-in closet. Mystic Gold quartz continues at the dual sinks, paired with a garden tub, separate shower, and Calacatta Sky tile. 2 secondary bedrooms share a full bath on the main level. The fourth bedroom, another full bath, and game room create a separate gathering space above. Fire Oak brick, Austin White stone, an 8-foot front door, and 4 uplights give the exterior definition. A covered patio overlooks the landscaped yard with cedar fencing and steel posts. A 50-amp garage outlet, 2-inch blinds, gutters, and sprinklers round out the practical extras.
