Bloomfield Homes' Jasmine is a bright and open one-story plan with 4 bedrooms, 2 full baths, 1 powder bath, and a 2-car garage, finished with upgrades that give this home a distinct look. Brick and stone frame the exterior, joined by a cedar wood garage door, 8' front door, covered front porch, and sprinkler system. Inside, laminate wood flooring makes a strong first impression and continues through the entry, Family Room, kitchen, dining area, halls, and Bedroom 4, tying the main spaces together with a clean, consistent finish. The Deluxe Kitchen takes the lead with quartz countertops, an island and breakfast bar, gas cooktop, built-in oven and microwave, and a pantry upgraded with a frosted glass door. From there, the room opens directly into the Family Room and dining area, creating one central space without losing definition between each zone. The Primary Suite sits privately at the rear and brings its own collection of upgrades with a window seat, dual sinks, granite counters, garden tub, separate shower, linen storage, and a walk-in closet. 3 secondary bedrooms line the opposite side of the plan, with Bath 2 featuring a tub-shower combination and granite, while the added powder bath gives the layout another polished touch near the shared living areas. Blinds, built-in features, a mud room, walk-in closets, and a tankless gas water heater add practical finish throughout. A covered patio extends the living area outdoors, while the fenced yard and landscaping complete the homesite. The Oaks adds a pool with picnic pavilion, playground, pond, trails, dog park, greenbelts and nature spaces, plus a 20-acre city park. Visit the Bloomfield Homes model in The Oaks to see how all of these upgrades come together in this Jasmine.
