Bloomfield Homes' Caraway floor plan delivers sophisticated one-story living with 3 bedrooms, 2.5 baths, and a smart layout that blends luxury and comfort in every corner. Set behind a charming brick and stone elevation with an 8' custom front door, this home opens to an airy and beautifully crafted interior designed to impress from the start. The open-concept design centers around a Deluxe Kitchen outfitted with upgraded countertops, a large central island, a designer tile backsplash, and built-in stainless steel appliances, all framed by painted custom cabinetry. This culinary space flows seamlessly into the Family Room, where rich laminate flooring extends throughout the main living areas, adding warmth and elegance to every step. A true highlight is the private secondary bedroom with its own ensuite bath, offering flexibility for guests or multigenerational living. The Primary Suite is a serene retreat with thoughtful details and an oversized walk-in shower that delivers a sleek, spa-like experience. Other comforts include a spacious Mud Room, a deep 2-car garage, and energy-efficient touches like a tankless water heater. Carefully placed windows invite natural light throughout, while upgraded finishes and custom details elevate the home's overall feel. Located in The Parks of Aledo, this Caraway brings together designer style, functional flow, and a vibrant community setting with access to trails, parks, and more. Experience one-level living redefined—schedule your visit today!
