The Bayberry II, a two-story plan with 4 bedrooms, 3.5 baths, and a 2-car garage. The home sits on an interior lot, quietly set back from the through traffic. A custom 8' front door makes the first impression, and upgraded exterior lighting keeps the elevation looking sharp after dark. Inside, the family room is anchored by a stone fireplace that runs all the way to the ceiling, a real focal point for the main living space. The Deluxe Kitchen is built for real use, finished with under-cabinet lighting that keeps the counters bright, and window seats tucked throughout add storage and a place to sit. Out back, an extended covered patio gives you more room than the standard footprint — space for a full outdoor setup, not just a grill and a chair. A covered porch out front completes the indoor-outdoor flow, with gutters and an exterior lighting system rounding out the exterior. Plus the energy-efficient features standard in every Bloomfield Home! Come see the Bayberry II at Bloomfield's model in Eagle Glen.
