MODEL HOME • 3217 CROSS SHORE DRIVE | ROSE II

This Rose II offers 5 bedrooms, 4 full baths, and a 3-car garage in a two-story design on an oversized corner lot in Villages of Hurricane Creek. High-rising ceilings and a fireplace with tile extending to the ceiling give the family room its dramatic presence, while engineered wood flooring carries through the first-floor living spaces. The fireplace includes a gas starter, and the open connection to the Deluxe Kitchen keeps the room part of the conversation. Quartz countertops surround an island, with a gas cooktop, built-in electric oven, and pantry supporting the cooking setup. A window seat defines the breakfast area beside the covered patio, where a gas stub adds a useful connection for outdoor cooking. The primary suite occupies the rear of the first floor with a window seat, walk-in closet, and a bath featuring dual sinks, a garden tub, separate shower, and upgraded porcelain tile. Quartz counters continue through all 4 baths. A second downstairs bedroom sits near a full bath at the front, while double doors enclose a separate study off the main living area. Upstairs changes the pace. A game room and dedicated media room create distinct places for games and movies, with 3 secondary bedrooms and 2 full baths on the same level, including a Jack and Jill arrangement. The 3-car garage includes added depth, and a mud room and gutters address practical needs. An upgraded 8-foot front door and covered porch introduce the home.
