Welcome to Bloomfield Homes' Caraway, a beautifully designed single-story home that blends open-concept living with refined finishes and thoughtful details throughout. The exterior features a classic brick-and-stone façade with charming gables, wood corbels, and a brick front porch, creating instant curb appeal. Step through the 8' 5-lite front door into a bright, welcoming foyer that leads to a private study with elegant glass French doors—perfect for working from home or managing daily tasks. The home's flowing layout showcases engineered laminate wood flooring that connects the main living spaces with ease. The heart of the home centers around the family room, where a stacked stone fireplace with a cedar mantel and stone wrap brings warmth and character. Overlooking it all, the Deluxe Kitchen offers L4 Bianco Serena quartz countertops, Pure White shaker-style cabinetry, stainless steel appliances, under-cab lighting, pendant lighting above the island, and a farmhouse sink with a pot filler—a beautiful and functional setup for everyday living and entertaining. The primary suite is privately located at the back of the home, complete with a luxurious bath featuring dual sinks, quartz counters, upgraded tile flooring, and a generous walk-in closet. 3 additional bedrooms and 2 full baths provide plenty of space for family or guests. Outside, enjoy a covered patio with a gas drop for grilling, fully landscaped yard with stone edging, stained fencing, full gutters, and a sprinkler system, and uplighting at the front of the home to showcase its architecture day and night. A full 2-car garage with a dedicated outlet offers both parking and functionality. With its elegant finishes and smart layout, the Caraway truly feels like home—visit or call Bloomfield Homes at West Crossing in Anna today!
