Under Contract

Striking from the curb and equally impressive inside, this 2.5-car garage Hawthorne II by Bloomfield blends craftsmanship and comfort with smart, stylish upgrades throughout. The home greets with a brick and stone façade, brick front porch, and a custom 8' Warwick front door, leading into an octagonal foyer that sets a welcoming tone. At the front of the home, a glass French door Study sits across from an open Formal Dining area, creating a flexible space for work or entertaining. The heart of the home features a light-filled Family Room and Breakfast Nook, both with raised ceilings for an added sense of volume. Anchoring the living space is a Stone-to-Ceiling Fireplace that adds warmth and visual interest. The Deluxe Kitchen offers upgraded style and utility with Quartz countertops, glazed upper cabinets, pot and pan drawers, a farmhouse sink, under-cabinet lighting, and a large island with a cabinet island facing. A walk-in pantry and stainless steel gas appliances, including a built-in oven and drop-in cooktop, complete the space. Upstairs includes a fourth bedroom and third bath next to the Game Room, while downstairs, the Primary Suite and 2 additional bedrooms are thoughtfully placed. The bathrooms include Level 5 quartz and decorative backsplashes, with utility upgrades like cabinet uppers. Outside, this home is ready to enjoy with a gas drop at the back patio, full gutters, irrigation, and a stained fence. Finishing touches include disc lights at the Study, hallway, and garage, mini recessed lights at the buffet, and a tech center tucked neatly between rooms. Every inch of this home has been elevated for comfort, style, and function—visit Bloomfield at West Crossing to experience it firsthand.
