NEW! NEVER LIVED IN. Bloomfield Homes has built the Seaberry II, a two-story plan with 5 bedrooms, 4 baths, and a 2-car garage. The home sits on an oversized interior lot — extra room to spread out, quietly set back from the through traffic. A solid mahogany 8' front door with wrought iron detail makes the first impression, and inside, vaulted ceilings open up the main living space. The family room is anchored by a tile-to-ceiling fireplace with a modern box mantel, a clean, contemporary take on the room's natural centerpiece. Laminate wood floors run through all the living areas, dressed with faux wood blinds and window coverings already in place — one less thing to handle after you move in. The Deluxe Kitchen is built for people who cook, outfitted with upgraded professional-series appliances and the space to put them to work. The primary suite is the retreat here, with a super-sized shower that reads more like a spa than a bathroom. A mud room off the garage catches the daily drop of shoes and bags. Outside, a covered porch and covered patio extend the living space to both ends of the home, the patio plumbed with a gas stub for the grill, and a lighting system carries the look into the evening. Gutters and the energy-efficient features standard in every Bloomfield Home round it out. Come see the Seaberry II at Bloomfield's model in Meadow Vista!
