Move-In Ready

Our popular Caraway floor plan offering single-story living with 3 bedrooms, 3 full baths, and a front-facing 2-car garage, loaded with upgraded finishes. RevWood flooring runs through the main living areas, making it a great fit for any lifestyle. The family room features a beautiful floor-to-ceiling tile fireplace topped with a cedar mantel, accented by tall windows that fill the room with natural light. The space opens directly into the dining area and Deluxe Kitchen, which includes built-in stainless steel appliances, quartz countertops, LED lighting, a spacious kitchen island, and a HUGE walk-in pantry. A dedicated theater-style media room offers a great space for movie nights. 1 secondary bedroom includes its own ensuite bath, ideal for guests, while the remaining secondary bedroom is positioned near a full bath. The primary suite features separate vanities, each with its own sink, an enlarged shower, and a generous walk-in closet. Outdoor living includes a covered patio and front porch, providing comfortable spaces to enjoy the neighborhood and backyard. Additional features include 5-inch baseboards, large-format tile in all baths, and elongated toilets. The home is located in Cedar Hill ISD within a community that features a playground, trails, and a pond, with close proximity to Cedar Hill State Park. Visit the Bloomfield Homes model to learn more about this Caraway and see how the home comes together in person.
