NEW! NEVER LIVED IN. Estimated completion November 2026. White sawn stone reaches the ceiling around the family-room fireplace in this Rockcress by Bloomfield Homes, with a cedar mantel adding contrast to the pale finish. The one-story plan offers 4 bedrooms, 3 full baths, and a swing 2-car garage in Addison Hills. Engineered oak flooring carries through the entry, kitchen, breakfast area, family room, and bedroom halls, tying the shared spaces together with natural texture. The Deluxe Kitchen answers the fireplace with stained Shaker cabinets, upgraded quartz counters, a glass hexagon backsplash, and matte black hardware. A pot filler adds function at the cooking area, while the island keeps preparation facing the family room and a walk-in pantry provides storage nearby. The breakfast area's window seat gives the dining space its own character, and a door connects it to the covered patio with an added gas drop. The primary suite sits toward the rear with a walk-in closet and a bath featuring separate quartz-topped vanities, a garden tub, and a shower with a seat. Large-format wall tile and a chevron mosaic accent add detail to the shower, with coordinating mosaic around the tub. Quartz counters and upgraded tile continue through the secondary baths. Across the front of the home, 3 secondary bedrooms have access to 2 full baths, including a bath near the fourth bedroom added in place of formal dining. The laundry room sits between the garage and hall, keeping daily arrivals close to the utility space. Outside, upgraded brick with buff mortar, white stone accents, a stained 8' front door, and 3 uplights create a coordinated introduction.
