Crafted with intention and elevated detail, this Seaberry II in Mosaic showcases 4 bedrooms, 4 baths, and a 2-car J-swing side-entry garage within a striking two-story design. Positioned on a north-facing homesite with a large backyard, the design balances open-concept living with clearly defined spaces. Wood floors extend throughout the main living areas, carrying a clean, cohesive finish from the entry through the family room. A private study with glass French doors sits just off the foyer. The family room is centered by a floor-to-ceiling fireplace with a cedar mantle, creating a clean focal point that complements the open layout. The Deluxe Kitchen includes built-in stainless steel appliances, under-cabinet lighting, and direct access to a patio gas stub for outdoor grilling. A butler's pantry connects the kitchen to the formal dining room, adding practical storage and serving space. The primary suite is located on the first floor and features a drop-in deck-mount tub, separate shower, L-shaped vanity with dual sinks, and a spacious walk-in closet. A secondary bedroom and full bath downstairs provide comfortable guest accommodations. The second level is arranged with 2 additional secondary bedrooms positioned near spacious game and theater-style media rooms, creating distinct areas for relaxation and entertainment. Additional highlights include a tankless water heater, dual-pane Low-E windows, and full rain gutters for modern efficiency. Residents of Mosaic enjoy The River Amenity Center with a lazy river, fishing pier, indoor and outdoor gathering areas, playground, fitness center, outdoor fire pits, sand volleyball, and lake access.
