The Caraway plan from Bloomfield Homes is a thoughtfully designed single-story home with 4 bedrooms, 3 baths, and a versatile 2.5-car garage. Its open-concept layout is anchored by a bright Family Room with oversized windows and soaring ceilings, highlighted by a stacked stone-to-ceiling fireplace with a cedar mantel. Upgraded tile flooring flows through the main living spaces, blending durability with modern style. The Deluxe Kitchen is equipped with Pure White Shaker cabinets, Quartz countertops in Astoria White, built-in stainless steel appliances including a double oven, and a wood vent hood above a gas cooktop. Functionality shines with extras like a pull-out trash bin, motion-sensor pantry lighting, pendant and under-cabinet lighting, and raised panel backs at the island. Bedroom 2 serves as a private suite with its own full bath, while Bedrooms 3 and 4 are tucked on their own wing, connected by a shared hall bath. The spacious Primary Suite is a retreat at the rear of the home, complete with dual vanities, a drop-in deck mount tub, a separate shower with seat, a linen closet, and a walk-in closet that conveniently connects to the utility room. Outside, the brick-and-stone exterior with upgraded buff mortar, cedar garage doors, and a welcoming brick front porch creates standout curb appeal. A covered patio with a ceiling fan, a gas stub, and full gutters extends the living space outdoors. Visit Bloomfield Homes at East Oak Creek in Commerce today to make it yours!
