Under Construction · Est. November 2026

A vertical marble picket backsplash gives the Deluxe Kitchen in this Magnolia II a distinct texture, paired with stained maple Shaker cabinets, white quartz counters, and matte black fixtures. Bloomfield Homes' two-story plan offers 5 bedrooms, 4 full baths, and a 2-car garage in East Oak Creek. Gas cooking, an electric oven, built-in microwave, and a trash drawer support the daily routine, while a walk-in pantry keeps supplies close. The breakfast area connects to the covered patio, and formal dining near the foyer gives larger gatherings their own setting. Laminate flooring carries through the first-floor shared spaces, where raised ceilings lift the family room and a direct-vent stone fireplace reaches a cedar mantel. The primary suite stays downstairs with a window seat, walk-in closet, and bath featuring separate quartz-topped vanities, a garden tub, and a separate shower with upgraded tile and a mosaic accent. A front secondary bedroom has a full bath nearby, where an added tiled shower with a semi-frameless door replaces the powder-bath layout. Upstairs, 3 bedrooms and 2 full baths join a game room and separate media room, giving movies and games room beyond the main living area. Outside, brick and stone complement a brick-covered porch, balcony, and upgraded 8' front door with 5 rain-glass panels. First-floor 8' interior doors continue the sense of height inside. The covered patio includes a gas stub, and the interior lot comes landscaped with a sprinkler system and fenced yard. Visit Bloomfield Homes' East Oak Creek model today!
