Contact Community Manager for incentives! **NEW, NEVER LIVED IN, Ready to Close!** If you're dreaming of space, light, and wow moments around every corner, Bloomfield's Spring Cress II is ready to steal your heart. The soaring ceilings and walls of windows in the main living area set the tone immediately, bright and airy and designed for togetherness. Beneath it all, gorgeous wood-look tile floors run throughout the main spaces, giving you the character of hardwood with the life-proof durability every busy household needs. The Deluxe Kitchen commands attention with its stainless steel appliances set flush into the custom cabinetry, gleaming Quartz countertops, glass mosaic backsplash, roomy walk-in pantry, and an oversized island. A sunny breakfast nook with a window seat invites you to linger a little longer, and the seamless flow out to the covered patio makes entertaining feel effortless. The layout is beautifully balanced with 3 bedrooms and 3 baths downstairs, including a serene primary suite with a frameless glass shower, rainfall shower head, dual vanities, and a walk-in closet. Another 3 bedrooms and 2 baths upstairs flank a spacious game room with a connected media room. A private study near the entry keeps work contained, while the laundry room offers an out-of-sight drop spot as you come and go with storage from a mud bench. Outside, the modern all- white brick elevation with arched entry creates instant curb appeal, and the oversized backyard is ready to enjoy with full fencing and an irrigation system. Set in East Oak Creek, this home pairs thoughtful design with the comforts of Commerce - including an elementary right next door! Bloomfield's model is open daily, just stop in to tour this brand new home.
