Bold design meets everyday function in this freshly completed Redbud II—Bloomfield’s popular two-story plan with 5 bedrooms and 3 baths, now available on an oversized interior lot in East Oak Creek. Inside, it’s all light and contrast: moody flat-panel cabinetry paired with pale RevWood floors and layers of soft natural sunlight pouring through generous windows. It’s modern without being minimal, stylish without feeling staged. The kitchen is an instant standout, anchored by a bright quartz island and finished with stainless steel appliances, a sleek glass and steel vent hood, and a designer tile backsplash all the way to the ceiling. The adjacent dining area features a built-in bench for cozy seating and clean architectural lines. Downstairs, you’ll find 4 bedrooms, including a secluded Primary Suite with an oversized tiled shower, and practical extras like a separate laundry room and mud space. Upstairs is a spacious Game Room paired with a private 5th bedroom and 3rd full bath - perfect for guests, teens, or a home office with breathing room. Curb appeal doesn’t take a back seat here: brick-and-stone façade, lush sod, sprinkler system, stained fencing, and an 8’ front door that welcomes with presence. Even details like 2-in blinds are already installed for a true move-in-ready experience. Come see the Redbud II at East Oak Creek and learn how Bloomfield can get you into your dream home!
