Completed in 2025 & Reduced Over \$88K! Built by Bloomfield Homes, the Hawthorne II plan features 4 bedrooms, 3 baths with a study and an upstairs game room. This two-story design sits on an oversized homesite in Heartland and presents a brick-and-stone front elevation paired with an 8' front door that sets the tone for the open interior. Wood-look tile extends through the main level, connecting the Family Room to a bright Kitchen that includes a gas range, quartz countertops, a large island, a walk-in pantry, pot-and-pan drawers below the cooktop, and a built-in buffet at the breakfast nook. The study is enclosed with glass French doors off the foyer, offering a defined workspace. The first-floor layout also includes a spacious primary suite highlighted by a walk-in closet, a separate shower, and a garden tub, along with 2 additional bedrooms positioned near a full bath. Upstairs, the plan adds a game room, a private bedroom, and a full bath creating a flexible second level that adapts easily to a variety of uses. Additional features include generous storage throughout, defined architectural transitions between rooms, and a covered patio overlooking the fenced backyard. Located within the Heartland master-planned community, residents have access to amenities such as a fitness center, multiple pools, playgrounds, trails, and parks woven throughout the neighborhood. Call or visit the Bloomfield Homes model in Heartland for details.
