The Violet III presents 4 bedrooms, 3 bath, a Study, Game Room, and a covered back patio within a two-story layout on a spacious homesite! The entry opens directly into a tall central living area where laminate wood flooring runs through the family room and kitchen, and the second-floor game room overlooks below, creating a strong visual flooded with natural light. The Deluxe Kitchen has a designer look from quartz countertops, a large working island, pot and pan drawers, a custom wood vent hood, and built-in stainless steel appliances, glass pantry door, pendant lighting, and upgraded cabinetry with matching matte black pulls. Just off the main living area, the primary suite remains quietly set apart through dual doors, offering a spacious bedroom, dual-sink vanity, soaking tub and separate bench-seat shower. Secondary bedrooms are placed near shared baths to keep circulation simple, while upstairs the game room adds flexibility, with carpeted bedrooms sharing nearby bathrooms including one attached! Practical features are integrated throughout the home, including a dedicated mud room, tankless water heater, 2-inch faux wood blinds, gutters, and a deep 2-car garage that supports real storage needs. The oversized lot allows the fenced backyard and covered patio to feel proportional to the home, extending usable space to start your outdoor oasis! Community amenities include a clubhouse, trails, lake, and pool with a two-story slide. Contact Bloomfield Homes to learn about our special offers and take a tour!
