Under Contract

The Cypress II n Hunters Ridge delivers 4 bedrooms, 3 baths, and a 2-car garage in a layout that truly maximizes space in all the right places. This plan feels different from the moment you walk up. A fully bricked front porch and upgraded brick exterior create depth and texture, while the 8-foot ornamental glass front door sets a refined tone before you even come inside. The layout is where this home really shines. Downstairs offers a private primary bedroom and full bath tucked away for peace and quiet, along with an expansive family room. The flow into the breakfast area and deluxe kitchen creates a natural gathering space without wasted square footage. The kitchen stands out with upgraded cabinetry and a functional design built for real life — whether that’s hosting holidays or handling everyday routines. Ample prep space, quartz countertops, and clean finishes give it a polished, elevated look without sacrificing practicality. The second level adds another layer of flexibility with an additional bedroom and a well-planned bath layout, including an enlarged shower in the primary bath and a stand-up shower in Bath 3. The separation between rooms creates privacy while still keeping everything accessible. One of the standout features is the huge covered patio, extending your living space outdoors and giving you room to relax, entertain, or simply enjoy a quiet evening. Energy-efficient features, full gutters, and 2-inch blinds add long-term value and everyday convenience. Life in Hunters Ridge means access to community trails, a pool, and a playground — bringing outdoor recreation and neighborhood connection right to your doorstep. If you’re looking for a home that feels intentional, elevated, and just a little different from the expected, the Cypress II at Hunters Ridge is the perfect fit.
