Corner Lot

**\$10K towards closing costs or rate buy down.** The Jasmine plan delivers a well-balanced single-story design with 4 bedrooms, 3 bath, and a 2-car garage, set behind a brick and stone exterior that brings texture and contrast to the streetscape and is finished with professional landscaping for a polished first impression. The layout opens with laminate wood flooring extending through the main living areas, paired with 10' ceilings that immediately create a sense of volume and light. The central living space anchors the home and flows seamlessly into the kitchen, where a large island, built-in appliances, pot and pan drawers, and a custom wood vent hood give the space both visual presence and everyday function without feeling overdone. Natural light plays a leading role throughout, amplified by oversized windows and thoughtful window seating that adds dimension without interrupting the open feel. The primary suite is positioned for privacy and offers a spacious bedroom, dual sinks, a separate tub and shower, and a generous walk-in closet that supports daily routines with ease. Secondary bedrooms are well distributed across the plan, offering flexibility for guests, work, or additional storage needs, while a dedicated mud room and smart storage solutions keep transitions organized. A covered patio extends the living space outdoors and looks out over a fenced backyard on a corner lot, providing added breathing room without excess maintenance. Practical touches like a tankless water heater, blinds throughout, and low-E windows round out the home with efficiency in mind, all within Glenwood Meadows and its community amenities. Call or visit the Bloomfield Homes model at Glenwood Meadows to see this Jasmine plan in person today!
