CAR GARAGE

Move-In Ready

Contact Community Manager for incentives! Bold and welcoming from the curb, this Dewberry III plan by Bloomfield hits all the right notes. The elevation mixes stone and brick textures under a gabled roofline, and there's a stately 8' wood door framed by a cozy brick arch. Above the 3-car garage—yes, stained doors and uplighting included—you'll find a full balcony that ties the whole look together. Step inside to a bright entryway that splits off into a private study through glass French doors and leads to an open stairway guiding you upstairs. The main floor is where daily life and entertaining collide: a wide-open living area bathed in sunlight with massive picture windows and a fireplace that doesn't skimp on drama—gas logs, gas starter, and stone surround. The kitchen commands attention with a sprawling quartz-topped island, built-in double ovens, and a wood vent hood above a 4-burner gas cooktop. You'll also find pot & pan drawers, glossy subway tile backsplash, and the largest pantries we offer! The upstairs game room connects to the front balcony (hello breezy mornings) and is surrounded by 4 generously sized bedrooms. 2 share a Jack-and-Jill, while another full bath sits in the hall. Downstairs, the primary suite has massive windows and a comfortable bathroom—features a soaking tub under a frosted glass window, large shower with a bench seat, and a dual sink vanity on the way into the great walk-in closet. Out back, enjoy a shady covered patio and private yard with full sod and landscape package already done. Situated on an interior lot in Homestead, this one's worth a visit. Stop in to tour, we're open daily!
