The Rose II by Bloomfield Homes blends open living and private retreats across 5 bedrooms and 4 baths, with a flexible first-floor study that adapts to your lifestyle. From the curb, a white stone-and-brick exterior, 8-foot front door, and 3-car garage create a bold welcome. Inside, upgraded wood floors flow through the main living areas, leading to a Family Room with ceilings soaring over 17 feet and a full-height stone fireplace that draws the eye upward. The kitchen is designed for both daily function and entertaining, with a massive island, quartz countertops, white Shaker cabinetry, built-in stainless steel appliances, and a walk-in pantry. The adjacent breakfast area looks out to the covered patio and fenced backyard, creating an easy indoor-outdoor connection. The first-floor primary suite offers space for a sitting area and features a bath with a garden tub, separate shower, dual sinks, and a generous walk-in closet. A secondary bedroom with a nearby full bath on the main level is ideal for guests. Upstairs, the game room opens to the family room below, while the media room is tucked away for movie nights. 3 more bedrooms —one connected by a Jack and Jill bath—each have direct bath access. Additional features include a mudroom off the garage, a gorgeous exposed staircase wrapped by a modern rail design, and a tankless water heater. Full landscaping with irrigation and exterior lighting ensures the home is as polished at night as it is by day. Located in a vibrant community with parks, trails, and gathering spaces, the Rose II offers room to live, gather, and unwind in style. Stop by to tour any day - Bloomfield's model in the community is open daily, ready to help!
