Move in before the school year and start fresh... This two-story home sits on a wide lot in Homestead at Daniel Farms, a peaceful neighborhood located behind Thorntree Golf Club. Our Dewberry floor plan prioritizes room size to provide maximum space and storage! There are 4 large bedrooms, 2 full baths, and a powder room. A formal dining room off the foyer and an upstairs game room give you opportunities to host. The Family Room is a natural gathering spot, with a massive island at the center and plenty of width for multiple cooks in the kitchen! A classic black and white color palette is articulated by portobello cabinets, upgraded granite countertops, elegant wood flooring, white glazed ceramic backsplash, a tile fireplace with a painted mantel, matte black fixtures - even the exterior has premium white masonry contrasted by Onyx trim paint and charcoal-colored cedar accents (+wood garage door). Not only a pretty home, you'll love how it lives! There's a HUGE pantry, the fireplace vents directly out, the Primary Suite has an enlarged shower in lieu of a tub, a dedicated laundry room is positioned conveniently downstairs, there's a large covered patio overlooking the fenced backyard, and energy-efficient home features keep utilities lower! Stop by our model home in Daniel Farms to learn more about what's included in a Bloomfield Home... open daily!
