Double ovens with an air-fry mode and a pot filler put the Deluxe Kitchen in this Lily IV to work, with quartz counters, a gas cooktop, and an island connecting preparation to the main gathering space. Bloomfield Homes' two-story design offers 5 bedrooms, 4 full baths, 1 half bath, a study, and a 3-car garage on an oversized interior homesite in Homestead at Daniel Farms. The breakfast area sits beyond the kitchen with a door to the covered patio. Across the island, the family room makes its statement with a ledgestone fireplace reaching the ceiling, finished with gas logs and a cedar mantel. Upgraded wood flooring adds warmth to the interior, while 8' first-floor doors carry that sense of scale through the rooms. Near the foyer, double doors define the study, giving work or projects a space apart from the shared living area. The downstairs primary suite sits toward the back with a window seat, a generous walk-in closet, and a bath featuring dual sinks, a garden tub, and a separate shower. A secondary bedroom and full bath also occupy the first floor, with a powder bath available for the main gathering spaces. Upstairs, a game room and separate media room offer different settings for games, movies, and gatherings. The remaining 3 bedrooms include a larger suite with a walk-in closet and a full bath nearby; 2 additional bedrooms share another bath with dual sinks. Laundry sits near the garage entry. A covered front porch, upgraded 8' front door, and exterior lighting shape the arrival, with blinds included. Visit Bloomfield Homes' Homestead at Daniel Farms model today!
