Contact Community Manager for incentives! This stunning Primrose FE VI offers 5 bedrooms, 4.5 baths, and a two-story design spanning 4,065 square feet, designed for scale and everyday function. A brick and stone exterior with a covered front porch and full gutters sets a polished first impression, while an approximately quarter-acre lot creates a larger backyard feel and allows the extended covered patio to truly function as an outdoor living space. Inside, the entry is framed by a private study and formal dining area before the home opens into the main living space, where vaulted ceilings and upgraded wood flooring await. The family room is anchored by a direct vent fireplace and flows naturally into the Deluxe Gourmet Kitchen, featuring granite countertops, built-in stainless-steel appliances, and a generous island that supports both daily use and gatherings. The primary suite is privately positioned on the first floor, offering a walk-in closet and a bath designed for efficiency and comfort. Secondary bedrooms are intentionally spaced, including 2 first-floor bedrooms with a nearby bathroom and additional bedrooms upstairs that each have an ensuite bath. More space to entertain in the media and game room whether it's game night or Sunday football. Practical features are layered in seamlessly, including a functional mud room off the garage entry, a tankless water heater, and a 3-car garage. Located in Homestead at Daniel Farms with convenient access to nearby shopping, dining, and everyday services, this home offers space and design that stand on their own.
