MODEL HOME • 941 PALMER LANE | PRIMROSE FE VI

The Rockcress brings a generous kitchen, a separate study, and a split-bedroom layout together on an oversized interior homesite in Homestead at Daniel Farms. This one-story home offers 3 bedrooms, 2 full baths, a powder bath, and a swing 2-car garage that adds interest to the front approach. An 8-foot front door and 8 uplights give the entrance its own presence. Engineered wood flooring extends through the entry, study, kitchen, family room, and connecting halls, setting a cohesive foundation for the shared spaces. French doors define the study near the foyer, with a nearby powder bath keeping the full baths separate from everyday visitors. The family room opens beside the kitchen beneath raised ceilings, with a ceiling-height stone fireplace and gas logs creating a focal point. The Deluxe Kitchen earns its place in the center of the home. Upgraded granite countertops meet a stacked tile backsplash, a stainless steel farm sink, and a pot filler, while a pullout trash bin keeps a daily necessity out of sight. A gas cooktop and double electric ovens add cooking flexibility, and the island provides another generous work surface. Breakfast sits at the rear beside the covered patio. The primary bedroom is positioned apart from the secondary rooms and includes a window seat, dual sinks, upgraded granite countertops, a soaking tub, a separate shower, and a walk-in closet. Bedrooms 2 and 3 share access to a hall bath, with the laundry conveniently placed near the garage entry. The covered front porch and rear patio offer seating options at opposite ends of the home, with blinds and gutters already included.
