Double ovens with Air Fry mode, a pot filler, and an included refrigerator give the kitchen a head start on everything from weeknight dinners to larger gatherings. Bloomfield Homes' Seaberry II showcases 4 bedrooms, 4 full baths, and a swing 2-car garage in a two-story design on an oversized corner lot in Homestead at Daniel Farms. The Deluxe Kitchen pairs quartz counters with gas cooking and an island facing the family room. A butler's pantry connects to the formal dining room, keeping serving space and storage close to the table. Engineered wood floors extend through the main shared areas and study, while 8-foot first-floor doors add scale. The family room rises beneath high-rising ceilings, with a gas log fireplace finished in tile to the ceiling and a cedar mantel. Horizontal railing traces the staircase and upper overlooks, adding a modern architectural detail. Glass French doors enclose the study near the foyer. The primary suite sits at the rear, with a window seat, separate bath vanities, a soaking tub, a shower with a seat, and a walk-in closet. A second bedroom and full bath on the main floor provide another sleeping space apart from the rooms above. The second level pairs a game room with a separate media room, plus 2 bedrooms with walk-in closets and 2 full baths. The breakfast area opens to a covered patio, extending the gathering space outdoors. A covered front porch, 8-foot entry door, and 6 uplights give the arrival added presence, while the laundry room sits conveniently near the garage entry.
