**BLOOMFIELD HOMES MODEL FOR SALE!** Close before the end of the year! The Carolina IV model with 4 bedrooms, 3 baths, and a 3-car garage at Trees Farm in DeSoto is the kind of home that makes an impression before you even open the door. Years of professional landscaping frame a brick-and-stone exterior that feels polished and mature—a rare find in brand-new construction. Every room carries a designer's touch, from the pre-painted accent walls to the custom window treatments and matching seat cushions that tie the palette together. The main living area has an easy flow anchored by rich engineered wood floors and a floor-to-ceiling stone fireplace that draws the eye without trying too hard. In the kitchen, sleek painted cabinets, Level 4 quartz counters, and stainless built-in appliances surround a large island built for everyday use as much as gatherings. The private study at the front, framed by glass French doors, adds a polished workspace or reading retreat. Upstairs brings a different kind of energy with a game room, media room, and built-in desk that turn the space into a full entertainment suite. The primary suite downstairs feels tucked away, with a spa-style bath featuring a deck-mounted tub, separate shower, and a roomy walk-in closet. Step outside to the extended patio and you'll see why model homes feel special—landscaping that's already lush, no waiting required. A 3-car garage, upgraded lighting, refrigerator, and fine finishes throughout complete the picture. Never lived in, fully dressed, and move-in ready, this Carolina IV delivers Bloomfield's best work—comfortable, elevated, and genuinely memorable. Come take a tour today during business hours!
