Bloomfield's Seaberry floor plan is a stunning two-story home on a beautiful interior greenbelt lot backing up to scenic walking trails, blending thoughtful design with sophisticated finishes. Enter through the eye-catching front door into a grand foyer, where dual doors lead to a private Study. Wood-look Tile flows through much of the first-floor living areas, enhancing the open-concept design. The Family Room is crowned by soaring two-story vaulted ceilings and anchored by a striking Tile-to-Ceiling Gas Fireplace, while expansive picture windows flood the space with natural light. The open kitchen is a chef's dream, featuring custom cabinets, beautiful countertops, a large island with barstool seating, and all-gas SS appliances. A first-floor Media Room offers additional space for entertainment, while window seats throughout add a cozy touch. The Primary Suite pampers with a spacious L-shaped vanity, a separate tub and shower, and refined finishes. Upstairs, the Game Room and hallway overlook provide breathtaking views into the impressive living space. Thoughtful details such as blinds, a mud room, and a J-swing garage add both style and functionality. Residents of Devonshire enjoy exceptional amenities, including a clubhouse, playground, pool, trails, and more. Visit Bloomfield Homes at Devonshire to experience this remarkable home firsthand!
