The Cypress II floor plan offers 4 bedrooms, 3 full baths, and a 2-car garage in a two-story design on an interior lot in Hulen Trails. Tile rising to the ceiling and a cedar mantel give the family room fireplace a dramatic presence, with a gas starter adding function. Laminate flooring connects the shared spaces, and windows along the side and rear bring natural light into the gathering area. The Deluxe Kitchen keeps conversation open across an island illuminated by 2 pendant lights. Quartz counters, a gas cooktop, an electric oven, and a pantry bring the essentials together, while the breakfast area adds a window seat beside the table. A covered patio extends the setting beyond the family room for meals or a quiet evening outdoors. Near the entry, French doors enclose a study in place of the formal dining room, giving work or creative projects a room of their own. The primary suite occupies a separate section of the first floor, with a walk-in closet and a bath featuring dual sinks, a soaking tub, and a separate shower. Another hall serves 2 secondary bedrooms, each with a walk-in closet, and a full bath. The second floor creates a distinct gathering spot with a game room, fourth bedroom, and third full bath. That arrangement leaves room for activities to spread out while keeping most bedrooms on the main level. The laundry room sits near the garage entry, convenient to the kitchen. An 8-foot glass and iron front door and a brick-finished covered porch complete the arrival. Visit Bloomfield Homes' Hulen Trails model to learn more about this Cypress II today!
