The Laurel floor plan offers 3 bedrooms, 2 full baths, and a 2-car garage in a one-story design on an interior lot in Hulen Trails. An 8-foot front door with 5 glass panels gives the covered entry a distinctive finish, complemented by 3 exterior coach lights. The foyer leads toward a shared living space that opens across the back of the home, keeping the kitchen, dining area, and family room connected. Laminate flooring carries through the main areas for a consistent look. At the island, 2 pendant lights define the kitchen's central workspace while leaving an open view into the family room. Quartz counters provide prep space, gas cooking includes a gas oven, and a pantry keeps ingredients close at hand. Dining sits beside the rear windows, with direct access to an extended patio that adds room for outdoor seating. Set on the opposite side of the family room, the primary bedroom enjoys rear-facing windows and separation from the secondary bedrooms. Its bath includes an added second sink, a shower, and access to a walk-in closet. The other 2 bedrooms occupy a separate hall near the front, with a full bath between them and a linen closet nearby. Each bedroom has its own closet, keeping storage within the room. A dedicated laundry room sits just off the garage entry, with a built-in seat providing a convenient spot to set things down before entering the main living area.
