The Redbud offers 4 bedrooms, 2 full baths, and a 2-car garage in a one-story design on an interior lot in Hulen Trails. Built-in seating gives the dining area a distinctive role in the open layout, creating a place to gather between the kitchen and family room. An island beneath 2 pendant lights keeps the kitchen connected, with quartz counters providing preparation space and a pantry keeping supplies nearby. Gas cooking completes the setup. Laminate wood flooring ties the shared areas together, while windows along the side and rear bring light into the family room. A door from this room opens directly to the covered patio, extending the gathering space outdoors. The primary bedroom sits at the rear, apart from the secondary rooms, and includes a walk-in closet. Its upgraded Deluxe Bath adds dual sinks, a garden tub, and a separate shower, with another walk-in closet accessed through the bath. That extra storage gives clothing and linens room beyond the bedroom itself. Near the front, 2 secondary bedrooms share a hall bath with a tub and shower combination, while the fourth bedroom is positioned off the hall near the laundry room. This arrangement keeps the bedrooms defined without interrupting the open center of the home. A mud bench at the garage entry gives bags and everyday belongings a landing spot, with the laundry room close by and additional storage off the primary hall. The exterior introduces the home with a brick-covered front porch and an 8-foot front door. Visit Bloomfield Homes' Hulen Trails model to explore the Redbud today!
