The Woodrose floor plan offers 5 bedrooms, 4 full baths, and a 2-car garage in a two-story design on an interior lot in Hulen Trails. The game room earns its space here, stretching along the second floor with a window seat and plenty of room to arrange separate areas for games, movies, or projects. The laundry room is on this level, too, close to 3 secondary bedrooms and 2 full baths. Each of these bedrooms includes a walk-in closet, and a nearby linen closet adds storage beyond the bedrooms. The main floor keeps the primary suite at the rear and another bedroom near the entry, with a full bath available off the central hall. In the primary suite, a Deluxe Bath adds a separate tub and shower, while an additional sink creates a dual-sink vanity. A generous walk-in closet completes the suite. The kitchen, breakfast area, and family room connect in one open stretch, with laminate flooring running through the shared spaces. Built-in seating gives the breakfast area a defined spot for everyday dining without interrupting the connection to the family room. Quartz kitchen counters and 2 pendant lights above the island bring a polished finish to the cooking space, equipped with gas cooking, a gas oven, and a pantry. A rear door opens from the family room to an extended patio, making outdoor seating an easy addition to the gathering areas. At the front, an 8-foot glass and iron door, covered porch, and 2 coach lights give the entry its own presence. Call or visit Bloomfield Homes' Hulen Trails model to explore this Woodrose today!
