Under Construction · Est. October 2026

The Jasmine, a single-story plan with 4 bedrooms, 3 baths, and a 3-car garage. Everything lives on one level here, set on an interior lot, and the three-car garage gives you the extra bay that most single-story plans this size don't offer — room for a truck, a workshop, a second freezer, or the storage that always seems to run short. Upgraded brick fronts the home and sets the tone at the entry. Inside, the layout opens up around a family room and an island kitchen built to stay connected to it, so whoever's cooking is still part of the room. That kitchen carries upgraded quartz counters, painted shaker cabinets in a clean, current finish, a single-bowl sink sized for real pots and pans, and contemporary fixtures throughout. The primary suite sits apart from the secondary bedrooms and includes a walk-in closet with room to actually organize. The guest bath is finished a clear step above standard, with an upgraded shower behind a semi-frameless glass door and full tile walls in place of a fiberglass surround — the kind of detail that reads as custom. Quartz counters carry through every bath in the house, tying the finish together from one room to the next. An added exterior flatwork pad with a light extends the usable space outside, handy for a grill station, a seating area, or a spot for the trash and recycling out of sight. Outdoor living runs front to back with a covered porch out front and a covered patio out back, giving you shade on both ends of the day. Architectural windows bring natural light through the main living areas, and a full landscaping package with irrigation keeps the yard low-effort from day one. Gutters and a long list of energy-saving components come standard, at no added cost, the same as every home Bloomfield Homes builds. Come see the Jasmine at the Bloomfield Homes model in Hampton Park.

Document generated Sep 11, 2026. Prices, plans, square footage, features, amenities and materials are subject to change at any time without notice and vary among communities. Listed prices are for informational purposes only, are not binding, and do not create any contractual obligation(s). The price of any home is dependent on numerous factors, all of which are unique to a specific home, and is not guaranteed until specified in a binding contract. Pricing of elevations and additional optional beds/baths varies per plan. Some plans require a premium homesite. Renderings of homes are artist concepts and may not reflect exact colors and materials. Verify current tax rates & jurisdictions with the appropriate taxing authority.
