Under Contract

This Caraway plan by Bloomfield Homes blends elegance and comfort into a single-story design that feels both spacious and warm. The home's striking elevation showcases timeless curb appeal with its rich brick-and-stone exterior and a dramatic arched entryway that sets the tone for what's inside. Step through the 8-foot front door and you're greeted by elevated 10-foot ceilings, oversized windows, and wide-open living spaces lined with Level 2 laminate flooring. The Deluxe Kitchen makes a bold impression with Level 3 granite countertops, upgraded cabinetry, a custom backsplash, and a gas cooktop crowned by a decorative wood vent hood. Built-in stainless steel appliances provide both style and functionality, while the nearby dining area offers a cozy window seat for everyday meals. Tucked at the front of the home is a private suite with a full bath, making it ideal for in-laws or long-term guests. The Primary Suite is privately located in the back corner and offers a true retreat with dual vanities, a spacious walk-in shower with a seat, a linen closet, and direct access to the mud room and utility area. Thoughtful upgrades continue throughout, including wall tile surrounds in secondary baths, a tankless water heater, and designer tile. A 2.5-car garage provides extra storage space, rounding out a home that's both beautiful and practical. Situated on an interior lot in the Maplewood community, this Caraway delivers refined design, efficient living, and timeless charm in every detail.
