MODEL HOME • 1942 SILVERLEAF DRIVE | VIOLET IV

A sitting area gives the primary suite more room to unwind in this Cypress II, while a fourth bedroom, full bath, and game room occupy the upper level. Bloomfield Homes' two-story plan offers 4 bedrooms, 3 full baths, a study, and a 2.5-car garage on an oversized interior lot in Maplewood South. The primary bedroom sits on the first floor with added LED lighting, a walk-in closet, and an ensuite bath featuring dual sinks, quartz counters, a garden tub, and a separate shower. Upgraded tile coordinates the bath floor, shower walls, and tub surround. Across the hall, 2 secondary bedrooms have walk-in closets and share another full bath. Upstairs gives games and movie nights a gathering space of their own. Back downstairs, laminate wood flooring connects the shared spaces, including a front study enclosed by French doors. Work can have a door of its own. The kitchen brings painted cabinets and upgraded quartz counters together with a white herringbone backsplash and a single-bowl sink. An electric range handles cooking, with an island for prep, a walk-in pantry for storage, and breakfast space beside a window seat. From there, the family room stretches toward the backyard, with added LED lighting and a door to the covered patio. Quartz counters continue through all 3 bathrooms, and upgraded tile also finishes the secondary baths and laundry room. The laundry sits near the garage entry, where the extra half-bay provides storage room. Outside, upgraded brick, a covered porch, an 8' front door, and 4 uplights give the exterior definition.
