The Hawthorne, a single-story plan with 4 bedrooms, 2 baths, and a 2.5-car garage. Everything lives on one level here, set on an interior lot that keeps things quiet, with the extra half-bay of garage giving you room for a workbench, a golf cart, or the storage that always runs short. A brick and stone exterior makes a solid first impression behind a custom 8' front door. Inside, vaulted ceilings open up the main living space, and wood flooring runs throughout the main areas for a clean, consistent look. The flex room off the entry is set up as a study behind glass French doors — a quiet workspace that stays connected to the home without inviting the noise in. The open kitchen is finished with Sonora cabinets and quartz countertops that carry through to the baths, a coordinated look from one end of the home to the other. Window seats tucked throughout add storage and a spot to sit. Out back, a covered patio extends the living space into the yard. Plus the energy-efficient features standard in every Bloomfield Home!
