Step into timeless design and everyday functionality with the Jasmine floor plan, a beautifully crafted 1-story home offering 4 spacious bedrooms, and 3 full baths. From the moment you arrive, the home's exterior with its stonework and brick detailing makes a bold first impression, leading into a dramatic Entry that sets the tone for the thoughtfully designed interior. The heart of the home is the deluxe kitchen, showcasing white cabinetry, quartz countertops, stainless steel appliances, and an oversized island perfect for cooking, gathering, and entertaining. The kitchen flows seamlessly into the family room, where a stunning floor-to-ceiling stone fireplace becomes the focal point of the space. The Primary Suite is a quiet retreat tucked at the back of the home, offering a spacious bedroom with a window seat, a large walk-in closet, and a luxurious bath with a garden tub, walk-in shower, and large body tile for a modern finish. Three other bedrooms and 2 baths are located at the front of the home. The laundry room is spacious with a built-in mud bench for extra storage. Along with washer and dryer hook ups. With a 2.5-car garage offering extra storage or hobby space, a tankless water heater, 8' upgraded front door, and placement on a quiet interior lot, this Carolina IV delivers the upgrades, layout, and curb appeal today's homeowners are looking for.
