MODEL HOME • 12524 YELLOWSTONE STREET | PRIMROSE VI

NEW! NEVER LIVED IN. Bloomfield Homes has built the Hawthorne II, a two-story plan with 4 bedrooms, 3 baths, a study, and a 3-car garage, expected complete and Ready in December 2026! The home sits on an oversized half-acre lot — a genuinely rare amount of land on new construction, with room for a future pool, a shop, a garden, or just open yard on all sides. Most of the living is on the main floor: the primary suite, two secondary bedrooms, and a private study sit downstairs, keeping everyday life and work on one level, with a fourth bedroom and a game room upstairs for a second living area away from the main floor. A formal dining room off the entry handles sit-down meals and gatherings. Vaulted ceilings lift the family room, which centers on a stacked stone fireplace running floor to ceiling — the visual anchor of the main living space. The all-electric Deluxe Kitchen opens directly to that family room, so the cook stays part of the room, and carries painted Shaker cabinets, Level 3 quartz counters, and an island that doubles as prep space and a gathering spot. Upgraded granite and tile finish all the bathrooms! The primary suite is set apart for privacy and includes a walk-in closet plus a bath with a garden tub for soaking and a separate glass-enclosed shower. An 8' front door anchors the entry beneath a covered front porch, and the 3-car garage gives you extra room. Out back, a covered patio extends the living space onto that half-acre. A full package of energy-saving components comes standard, at no added cost, the same as every home Bloomfield Homes builds. Contact Bloomfield Homes or visit the Coyote Crossing model to tour the Hawthorne II and see what's available.
