The Jasmine from Bloomfield Homes is a single-story charmer with 4 bedrooms and 2 baths, blending everyday function with thoughtful upgrades. The curb appeal is undeniable with a striking brick-and-stone façade and a welcoming 8' front door that opens to a bright, flowing layout. At the heart of the home, the Deluxe Kitchen shines with Quartz countertops in the kitchen and all bathrooms, custom cabinetry, an island for prep or casual dining, and an open view into the large Family Room anchored by a floor-to-ceiling fireplace. Natural light floods in, making the space feel even more expansive, while laminate flooring throughout the main areas offers both style and easy maintenance. The private Primary Suite features an ensuite with a walk-in closet and plenty of room to unwind, while secondary bedrooms are tucked away for privacy. Additional perks like 2-inch blinds, a covered patio and porch, and a full 2-car garage round out this well-balanced home. Sitting on a greenbelt lot, it offers an added layer of outdoor serenity—perfect for enjoying morning coffee or evening downtime. This is the Jasmine—designed for how you actually live, with the style you've been looking for. Call or visit Bloomfield at Coyote Crossing in Godley today to learn more!
