This two-story Primrose VI by Bloomfield Homes offers 5 bedrooms, 4.5 baths, and 3-car garage capacity on an oversized corner lot measuring over half an acre! The front exterior features upgraded brick paired with white stone, a deep covered porch, and an 8' front door framed by detailed rooflines, while cedar garage doors on the garage bays complete the look. A classic rotunda foyer gives a deserved first impression, with wood-look tile leading into a family room styled where an 18-foot ceiling and a stone fireplace demand attention. A study with French doors and an open formal dining room sits off the rotunda, and practical spaces like the mud room with storage support daily routines. The Deluxe Kitchen brings painted cabinets in Gauntlet Grey, upgraded quartz and granite countertops, a wide island with pendant lighting, a trash pull-out drawer, and a coordinated tile backsplash. The first floor includes the primary suite with upgraded tile selections in the 5-piece bath with separate vanities, along with 2 additional bedrooms positioned near a shared hall bath. Upstairs offers 2 more bedrooms with direct bath access, plus a game room and media room for flexible use. Additional touches include modern stair railing, window seats, extensive tile upgrades throughout the baths, and a covered back patio overlooking the .58-acre lot.
