MODEL HOME • 12524 YELLOWSTONE STREET | PRIMROSE VI

The Rose II offers 5 bedrooms, 4 full baths, and a 3-car garage in a two-story design on a half-acre lot in Coyote Crossing. Upstairs gives the shared spaces room to branch out: a game room overlooks the family room below, while a separate media room creates a dedicated spot for movies. The 3 bedrooms on this level share 2 full baths, including a Jack and Jill arrangement with separate sink areas. Downstairs, the primary suite and another bedroom sit in different parts of the plan, each near a full bath. The primary bath includes dual sinks, a deck-mounted tub, a separate shower, and a walk-in closet. A study enclosed by double doors adds another defined room beside the main living space. Raised ceilings lift the family room around a stone fireplace extending to the ceiling with a gas starter, giving the open layout a strong focal point. Laminate flooring connects the shared areas, with tile adding another finish elsewhere in the home. The Deluxe Kitchen keeps preparation and conversation together around an island, with upgraded countertops, an electric cooktop, electric oven, and pantry. A trash drawer adds a useful detail to the cabinetry. The breakfast area has its own window seat and opens to the covered patio, where the half-acre setting leaves room to shape an outdoor gathering space. At the front, a covered porch and upgraded 8-foot door introduce the home, with cedar garage doors adding texture to the exterior. The laundry room sits near the garage entry, and 2-inch blinds are included throughout. Contact Bloomfield Homes' Coyote Crossing model team today!
