This modern single-story home from Bloomfield is thoughtfully designed with stylish upgrades and everyday functionality in mind. The Redbud I floor plan offers 4 bedrooms, 2 baths, and over 2,100 square feet of bright, open living space—perfectly positioned on an interior lot within an amenity-filled community that offers comfort and connection. Wrapped in an all-brick facade with fresh landscaping, the home is introduced by an impressive 8' front door that sets a welcoming tone. Inside, durable Laminate Wood floors stretch through the main areas, complementing the contemporary finishes and sleek Quartz countertops found in the open-concept layout. A center island anchors the space beneath a striking glass and stainless steel vent hood, while the all-gas stainless steel appliances ensure both form and function in the heart of the home. The Deluxe Primary Bath offers a spa-like retreat with a soaking tub, separate shower, and double-sink vanity, enhanced by two separate closets including an oversized walk-in. Three additional bedrooms are tucked near a full hall bath with modern upgrades, and a tankless water heater adds energy-efficient convenience. Come see it before it's gone—Bloomfield's models are open daily, so stop in at your convenience!
