Room to focus, room to gather, and a separate space for game night give Bloomfield Homes' Dogwood III its appeal, with 4 bedrooms, 3 full baths, a study, and a 2-car garage across 2 stories in Star Ranch. Glass French doors define the study just off the foyer, so work or hobbies can have a space of their own. Laminate flooring extends through this room and the main shared spaces, leading to a family room lined with windows and open to the breakfast area. The kitchen showcases painted Shaker cabinets, upgraded quartz countertops, a tile backsplash, and black hardware. Under-cabinet lighting brightens the work surfaces, while an upgraded faucet and etched-glass pantry door add finishing touches. The built-in buffet with upper cabinets deserves a little attention of its own. Use it to serve dinner, set out coffee, or keep favorite dishes close at hand. The rear primary suite includes a walk-in closet and a bath with dual sinks, quartz surfaces, and an enlarged clear-glass shower finished with a herringbone tile accent and penny-round floor. There are 2 more bedrooms and a full bath on the main floor. The upper level pairs the 4th bedroom and another full bath with a game room overlooking the family room through upgraded iron railing. A covered rear patio extends the gathering options outdoors, and the broad covered front porch makes a memorable arrival alongside brick and stone, an upgraded 8-foot mahogany door, and 4 uplights.
