The Carolina IV floor plan makes space for a full evening at home, from dinner in the formal dining room to a movie in the upstairs media room, with 4 bedrooms, 3 full baths, and a 2-car garage across 2 stories in Star Ranch. A circular foyer sets the tone behind an upgraded 8-foot mahogany front door. The nearby study closes off with glass French doors, while laminate flooring connects the main living areas, dining room, and study. The family room draws attention with a stone-to-ceiling corner fireplace, hearth, and modern oak box mantel. The Deluxe Kitchen keeps the palette bright with white Shaker cabinets, black hardware, quartz countertops, and a tile backsplash. A Professional appliance package includes a 5-burner cooktop, and the island features a raised-panel cabinet wrap, single-bowl sink, and upgraded faucet. Breakfast has its own window-lined spot beside the patio door. The rear primary suite includes a walk-in closet, dual sinks, upgraded quartz surfaces, a separate tub, and a tiled shower with clear glass and a seat. There are 2 secondary bedrooms and another full bath on the main floor. The upper level changes the pace with a game room, enclosed media room, built-in tech center, and the 4th bedroom beside a full bath. Modern stair railing adds a clean architectural detail. An extended covered patio and an additional 10-by-17-foot concrete extension leave room to dine and relax outdoors. Upgraded brick and a brick-finished front porch complete the exterior.
