Modern brick single-story with a J-swing garage that stands out on the street! The Rockcross by Bloomfield Homes 3 bedrooms, 2.5 baths, a private study, and a layout that feels smooth from front to back. The wide 8' glass front door sets the tone right away. Inside, the study sits just off the foyer with glass French doors perfect for focus time, side projects, or just having a door you can close. Laminate wood flooring runs through the entire living space, tying everything together and providing a life-resistant foundation. The kitchen is sharp and functional in our Deluxe setup with pot-and-pan drawers, built-in oven and microwave, quartz surfaces, and a gas cooktop that's ready to go topped by a wood vent hood. Level 5 countertops, tile backsplash, a sleek faucet upgrade, and 3 pendant lights over the island add polish. The Family Room sits wide open to the kitchen and breakfast area, full of natural light and easy access to the covered patio. The Primary Suite is located in the rear with a walk-in closet, separate tub and shower, upgraded floors, and dual sinks. Secondary bedrooms have a full bath right outside the door, and there's a powder bath off the foyer for guests. Extras include a built-in trash pull-out, exterior uplights, and 2-inch faux wood blinds already installed. Rockcross brings everything to one level, but still gives each space its own moment.
