Camellia from the Element Series featuring 3 bedrooms and 2 baths in a single-story layout with a front-facing 2-car garage. A covered front porch and impressive 8-foot front door create a welcoming first impression, opening into a bright foyer that leads directly into the main living area. RevWood floors run throughout the main living areas, adding durability and a clean, cohesive look. The family room connects seamlessly to the dining area and kitchen, creating an open layout that feels efficient. The dining area leads directly to the covered back porch, extending everyday living outdoors. The kitchen is finished with quartz countertops, beautiful cabinetry, and a functional island that highlights the space while keeping prep and seating within easy reach. The primary suite is privately positioned and includes a large vanity, separate shower, and a walk-in closet. 2 secondary bedrooms are located together near 1 full bathroom, offering flexibility for guests, work, or additional living needs. A covered patio provides a comfortable outdoor space overlooking the backyard. Practical upgrades include 2-inch faux wood blinds throughout, a tankless water heater for efficiency, and full rain gutters for long-term durability.
