The Redbud by Bloomfield Homes delivers a balanced mix of style, space, and smart design in a single-story layout with 4 bedrooms and 2 baths. From the curb, it stands out with a brick-and-stone façade and an inviting 8' iron-and-glass front door that sets the tone for what's inside. The oversized Primary Suite is a standout, offering two walk-in closets and a spa-like ensuite with a separate oversized shower. The heart of the home is the open living space, where the Family Room flows into the Dining area and modern Kitchen—complete with quartz countertops, built-in stainless steel appliances, and a walk-in pantry that's as functional as it is spacious. Light pours in through large windows, while window seats add charm and functionality. The secondary bedrooms are well-placed for privacy, and the covered back patio makes outdoor living easy year-round. Practical features like a full 2-car garage, laundry room, and landscaping package with stone-edged flower beds make everyday life seamless. Beyond the home, enjoy community perks like a pond, soccer field, and a fitness center conveniently located off the scenic trails, blending recreation, relaxation, and wellness into your daily routine. This home pairs modern finishes with timeless comfort—ready to welcome you at Star Ranch in Godley. Call or visit Bloomfield today!
