MODEL HOME • 9401 WILDCAT RIDGE | BELLFLOWER IV

This Lily II floor plan offers 4 bedrooms, 3 full baths, a powder bath, and a 3-car garage in a two-story design on an interior lot in Wildcat Ridge. The split garage arrangement gives parking and storage their own flexibility, while upgraded brick and stone, exterior lighting, and an 8' front door shape the arrival. The foyer introduces a study behind double doors before opening toward the family room, where vaulted ceilings and a floor-to-ceiling stone fireplace with a gas starter and cedar mantel create a dramatic gathering space. Wood-look tile connects the main downstairs areas, with 8' interior doors continuing the sense of height. The Deluxe Kitchen opens across an island to keep prep space part of the conversation, pairing upgraded quartz counters with built-in appliances, a gas cooktop, and an electric oven. A walk-in pantry sits nearby, and the breakfast area provides the home's dining space beside a door to the covered patio. The first-floor primary suite occupies the rear of the home, with a bath featuring separate sink vanities, a garden tub, a separate shower, and a walk-in closet. Another bedroom and full bath sit downstairs, along with a powder bath positioned off the hall for shared use. Upstairs takes entertainment in a different direction: a game room and separate media room provide 2 places to gather, with 2 secondary bedrooms nearby. Both bedrooms have walk-in closets and share a full bath with dual sinks. A laundry room near the garage entry and a gas tankless water heater add everyday function.
